Boys shooting marbles in front of the Jackson-Greenleaf Co. store Tuesday, is another sign of spring fever.

For Olmstead is able to get out in pleasant weather, but not fully recovered from pneumonia and complication of disease. He is gaining in weight every day and experts to become rugged as before his critical illness.

Little Martha French was delighted, Friday, to find, at this office, her twin purses containing 35c, which she lost a few days before on Main Street. An item of the Advertiser brought the owner to it.

Mr. M. Longley & Son attracted attention to the store, Friday, when a two-burner gasoline range was set in operation on the store platform next the sidewalk. The burners manufactured the gas and produced a hot flame equal to that under city conditions.

Mr. and Mrs. J. C. True were born on the same day of the month, January 23, also the same year, and duly observed the coincidence last Saturday.

Another mild spell Saturday and Sunday, with some rain and fog, reduced the marks below zero, seventy-two hours before. Roads and sidewalks were in an icy condition after the mercury crawled down into the bulb, Monday.

Wm. C. Leavitt: "I'm not Father Time! He carries a scythe and I a staff. I'm merely a shepherd of the hills that you read about in the good book."

Oscar Bennett says: "Yes, I can see with those glasses, I ought to; they cost me enough to buy a goodly number of time but that don't amount to anything. It is eleven minutes before ten o'clock. You see I can see."

A lively dancing party was enjoyed at Legion Hall Saturday evening, with twenty-five or more of the older dancers in the crowd to stimulate interest in the contrast. The Bluebird Serenaders furnished music for a mixture of old and new steps so everybody might have a fling. Dances will be held there every Saturday night as the time is increasing with the older ones.

Madame Rose Home has returned from the Hair Dressers' Convention at Boston, bringing new ideas and styles. She plans to install a permanent waving machine at the Ideal Beauty Parlor within a few weeks.

Robert F. Bickford is on a business trip to Boston, Philadelphia and other cities. He is expected home the last of this week.

The Sporting Editor received a newspaper story about William E. DeCroteau's achievements as theatre promoter in West Somerville. A "natural as life" the article is a clean cut statement of his work as theatrical manager, stressing his success in a movie house that literally had gone to seed. The Advertiser will have folks about it next week, for William D. de Henry F. is a household word up this way.

Alfred W. Ramsdell returned to his shop, Monday, after an illness of several days with stomach trouble and the grip.

Crows appeared Sunday in the fields along Alpine Street. Their first appearance may not indicate spring, but somehow we feel a bit more cheerful.

The February meeting of the Twin-Town Nature Club will be held at the Methodist Community Hall, Monday evening, the 7th. An Audubon Travel Lecture with lantern slides will be the feature. Bus leaves Market Square, South Paris, at 7:10.

The monthly meeting of the Norway W. C. T. U. will be held with the hostess, Mrs. Mary Chase, 32 Paris Street, on Feb. 9, at 8:45. A roll call will include current events and a musical program under the direction of the Misses Daisy and Jessie Chase, will be given. Tea will be served for the fair day.

Norway Lodge, No. 16, L. O. F., worked three candidates, Tuesday night in the initiatory degree. A large attendance was present, including visitors from Mr. Miles Lodge. Next Tuesday there will be a rehearsal of the degree team after the meeting. A large attendance is expected. Leroy Soller was in Salem, Mass., last week, accompanying the remains of Albert C. Hollingsworth to the crematory. The ashes were sealed in an urn and returned to Norway.

Salem Day proved fair and bright so the ground has kept well toward the day opened cloudy with spots of snow, but in mid-afternoon a strong northwest wind brought clear weather. If the old saying is true, much of our winter is ahead of us.

Jazziteers 1415; J. R. Co., 1410

The closest game for weeks was rolled at Parlin's Alley, Thursday evening, when the Jazz boys and Henry Van-court's shoe slingers struggled for a margin. The Jazziteers closed the deal with a margin of 5 pins.

Henry snipped the twisters on the Jazz flens during the first shift and had them squirming under a lead of 31 pins. The second sheet was a victory for Boynton, who recovered 20 pins, but Henry at that had a comfortable margin.

The last sheet got on the shoemakers' nerves while the Jazz outfit bumped over the pins and laid the cobbler with a margin of 16 marks. This gave the game to the trailers by a narrow squeak.

"Hart" Grundman was the big chief in the match, with a three string total of 306 pins. Van-court was the follow-up by securing 298, with Boynton on his heels with 295.

"Hart" Grundman was tagged with blue ribbons for knocking out the highest single of 110 in the first run. Hann and Demar broke even for second place in singles with 106.

Match for Championship
Huff and Chipman defeated Bill Nye and Boynton in a forty string bowling match, Monday evening, being the first in a series to determine the champions of Norway. The victors successfully defended their title, having previously defeated two other teams in their attempt to lift the championship belt. The winners earned their margin of 14 pins during the last two strings.

Bill Nye and Boynton had the champions throttled during the opening chaps and at the end of the first half were leading with 55 pins. Things were going good until a bad slump of some 44 pins in the eighth string set the leaders back and let the champions out of a serious predicament.

A return match is planned for Feb. 7. Summary follows:

Norway H. S. 23; Paris H. S. 10
Norway High School won the opening game at the Norway gym, Wednesday evening with a score 23-10. This is the first encounter, and the return match, South Paris will undoubtedly draw a record crowd, as did this game.

Two of the first string players on the Paris team, Fred Lundell, were out of the game for Norway. The Norway team did good work. Norway had the lead in long shots that made baskets, with Freddie Lewis, Tucker, "Bunk" Goodwin and Hutton leading the way.

Harry McGinley and Edwards were the only visitors to negotiate successfully Norway's defense in a scrimmage. Numerous fouls were called, but few called on free tries.

In the preliminary game, the Freshmen defeated the eighth grade 13-11.

The American Legion boys and the local members, had a social evening at Legion Hall, Wednesday evening. An oyster supper was kept well toward the day opened cloudy with spots of snow, but in mid-afternoon a strong northwest wind brought clear weather. Mrs. W. F. Jones has returned from Clarkville, Tenn., where she has been visiting her daughter, Mrs. Thelma Joselyn, and granddaughter, Mrs. Thelma Joselyn.

Shorty Clark: "I have bought me a second-hand Ford for my own use. Now, I can go looking just when I want to, the car can be covered with dirt and feathers from the game I get, I can leave it wherever I want, day or night, and it won't hurt the car a bit."

George L. Curtis is chairman of the transportation committee, to provide transportation for the members of Oxford Chapter No. 168, O. E. S., who plan to visit Waterville on Friday, Feb. 11. Names should be handed to him by Wednesday, the 9th.

SUBSCRIBER'S HOPE EXPRESSED

R. B. Kennedy of Swampscott, Mass., in remitting for his paper, says: "We enjoy the paper very much and it keeps us in touch with the happenings of the place. We can imagine how it must look in the snow and ice of winter. So far we have only had the pleasure of the town in its summer aspect."

"The Wheel that Does the Squeaking is the One that Gets the Grease" I read at the top of your front page; so if we squeak hard enough we may some day be fortunate enough to get grease enough, or rather don't, to visit Norway in the cold season."

Marguerite G. Pearson conducted the services held at Spiller's Funeral Home, Sunday afternoon. The remains were placed in the tomb at Pine Grove Cemetery for burial there in the spring.

Mrs. Letitia Legrow Ames
After about a year of failing health, Mrs. Letitia Ames, wife of Edward F. Ames, passed away about 9:30 A. M., Feb. 2, at her home on Maple Street. Her age was about 59 years.

Some four weeks ago, she became seriously ill and her sister, Miss Grace Legrow, of Georgetown, Mass., came to take care of her and was here when she passed away.

Mrs. Ames was a daughter of the late Samuel H. and Sarah E. Bowker Legrow, and was born in Gray, March 31, 1865. She came with the family from Norway, forty-three years ago and always resided here.

She was a member of the Rebekahs, the Relief Corps, and a constant attendant at the Universalist Church.

She leaves three daughters, Miss Gertrude Gray, South Paris; Miss Adella Legrow, Norway, and Miss Grace Legrow, of Georgetown, Mass. Services attended by Rev. Advertising Swindle

Parties Carrying On Put in Jail

Last August we received an order to advertise "Baby Chicks for Sale" from a hatchery claiming to be located in Warren, Maine. It was accepted in good faith and bills forwarded as directed, but no mail was returned, marked "refused."

An investigation showed that no such hatchery was located in that town. The postmaster forwarded the mail to some other office, as directed—we do not know the name of the office—but soon a complaint was made and the postoffice authorities set a detective at work and the swindlers were detected in jail.

Mr. Robinson, the Warren postmaster, says if anyone having sent money can confer with R. H. Tomlinson, postoffice inspector, Atlanta, Ga., as it is possible that their remittances may be in the hands of the postoffice department and it can be returned to them.

We wonder if any of our readers got swindled, if so, please write the office.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is a danger to the entire system of poisons in the blood. A dull, heavy feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a doctor or pharmacist anywhere but has many enthusiastic users. Ask your neighbor!

Lesson for February 6

THE PRACTICE OF CHRISTIAN STEWARDSHIP

LESSON TEXT—Matt. 25:14-40.

MODERN TEXT—Thou hast been faithful over a few things, I will make thee ruler over many things. Enter thou into the joy of thy Lord.

PRIMARY TOPIC—The Story of the Three Servants.

INTERMEDIATE AND SENIOR TOPIC—What is Stewardship?

YOUNG PEOPLE AND ADULT TOPIC—The Scope and Spirit of Christian Stewardship.

Stewardship here includes oneself and substance. Stewardship in money is only a small part of our responsibility. This parable like that of the ten virgins is associated with the coming of Christ. In both instances the unpreparedness for His coming on the part of the people is exhibited. In that of the ten virgins their unpreparedness consisted in their failure of inward life—absence of the Holy Ghost. In this of the talents it consisted in their failure to properly use the gifts which had been entrusted to them. The first was failure to watch; the second was failure to work. By talents is meant whatever gifts and powers one possesses as gifts from God, whether of nature or grace, such as strength, reason, energy, knowledge, influence, time, money, ability to speak, sing, etc.

1. The Distribution of the Talents (v. 14, 15).

It was a sovereign act. He called his own servants and distributed to them his own money. As the One who created us and absolutely owns us, He has assigned us our places and given us our several powers, intending that we put them to the best possible use.

2. It was an intelligent act. "According to his several ability." The God who made us knew our ability to use gifts, therefore has made the distribution upon that basis.

3. It was a purposeful act. The talents were given to be traded with. They were not given to be used for one's own gain and profit, but as stock in trade for the enrichment and glory of the Master.

4. The Employment of the Talents (v. 16-18).

All the servants recognized that the talents were not their own—that they were responsible to the Lord for the use made of them.

Two servants used their talents. The five-talented man put his to use and gained five more. The two-talented man put his to use and gained two more. This shows that God's grace can be increased. The more we use our gifts, the more we increase them. The five-talented man put his to use and gained five more. The two-talented man put his to use and gained two more. This shows that God's grace can be increased. The more we use our gifts, the more we increase them.

The one hid his talent. The fact that one possesses but one talent should not discourage him, but should make him strive harder. God does not reward according to what we possess, but according to our faithfulness. The name of the one talented man was not that he had but one talent, but that he hid the talent which the Lord gave him.

III. The Accounting for the Talents (v. 19-20).

Its certainty. There is a day coming when we all must give an account of our stewardship.

The time. This will be at the coming of the Lord. If we have done well, we shall then have praise. If we have been unfaithful, we shall then cast out from the presence of the Lord.

5. The judgments announced.

(1) Reward of the faithful. (a) Praise—"Well done." We all like to be praised. From childhood on through life commendation is pleasing. (b) Promotion—"Be thou ruler over many things." Promotion is desirable to all. (c) Entrance upon the Kingdom of the Lord. The five talented men and the two talented man received the same praise and the same promotion.

(2) Punishment of the faithless. The one talented man lied when brought to account. The talent when he was not the same as when it was buried—it was not of the same weight. Gifts unused are lost. (a) Reproach—he was called slothful and wicked. To be called lazy is a reproach which even the lazy man dislikes. (b) Stripped—the talent which was given to him was taken from him. (c) Cast out—he was condemned on his own ground. The very fact that he knew the character of the Lord should have been an incentive for him to have exerted himself.

Feet, Faces, Noses and Ears Frozen in Cold Spell—Moving Tool House—Lumbering Operations.

Wednesday morning, Jan. 26, was 2 below zero, but the wind came up and it was the coldest day so far this winter and the thermometer dropping to 12 below at dark. A part of the Pingree men worked in the woods in the forenoon and Bill Urquhart from his farm, and the crew remained in camp for the remainder of the day. Ben Irish's team hauled birch from the Crockett lot, but none of the choppers left camp that day. One of the Holmes' girls froze her nose, and Grace Bartlett froze an ear while on the school team in the morning.

Donald and Floyd Varney hauled their ice, Wednesday, while Charles Tuttle and Oliph Varney did the sawing. Oliph chilled his face quite bad.

Thursday morning, John Grover with his horses and Omar Fennell with Lin Farrar's horses hauled a camp or workshop well equipped with a lot of tools commonly used around a portable saw mill and a large stove all fired up with abundance of smoke coming from the smokestack. Left West Sumner going through the green woods to Peru to the lot where Mr. Waterhouse is to set his mill near the Reubin Arsenault's site, where he will saw the birch that they are cutting near Mud Pond, this winter. The mill is at Oxford now but will arrive at Peru station right away and moved to the mill lot on the south end of Lake Worthley.

Snowmobiled out through the Green Woods and back, the 27th.

Howard Benson finished work for Lester Merrill, the 27th, driving team, and returned to his home in Buckfield.

Irvie Bartlett began light work with his oxen the 28, after a three weeks' lay-off caused by one of them spraining his ankle, coming down a steep pitch on the Pingree wood lot.

On the 28th, Donald Varney had a narrow escape when one of his horses got a foot caught in a crooked stick, coming down another steep—ramp—on the Pingree lot, and while Donald was using the ax to clear his horse from the stick, he accidentally hit the horse's other leg, cutting quite a gash. Donald reports it as quite a mixup, and considers himself very fortunate in coming out as well as he has, though he expects his horse will be confined to the stable for a time.

George Spaulding recently bought a veal calf from Emerson Bartlett.

The second January thaw visited this section, Saturday, the 29th, with very little rain, but the roads were quite slippery and the river was bank full on the meadows.

Mr. Pingree put on another pair of horses Monday, the 31st, and Jerry Bartlett, the teamer, and will haul birch to the mill.

P. V. Redding went to East Sumner, the 29th, with his Red speed wagon.

Reginald Ford is saving the wood for the Morrill school.

Bill Urquhart is going to drive the Adolbert Davenport team for Lester Merrill, hauling birch. Mr. Benson has been driving it for the past two months.

Guy Smith, who has been working for Mr. Pingree for several months will finish work there early this week, and go to work upon the Crockett lot near Allen mountain.

Sunday, the 30th, Donald Varney's horse that got hurt in the woods, is in far better condition than could be expected, and Donald thinks he will be at work in a few days.

George W. Benson Dead—Chimney Fires—Town Items.

George W. Benson died at the C. M. G. Hospital, Friday, at 4:30 p. m., Jan. 31st, with an acute form of Bright's Disease, after only a week's sickness and suffering, although he had not been very well for a year past. He had been employed in the shoe shop as foreman, in Lewiston. He also worked in Norway and other places. His parents were Frances Thurlow and George A. Benson and they lived in Gray at the time of his birth, April 17, 1885. His first wife was Ethel Currier of Lewiston and they had one son, Robert W. Benson, of Lewiston, who survives him.

Jan. 8, 1910, he married Mary E. Swan of West Paris, youngest daughter of Mrs. Elsie Emery. They went to New Hampshire for a short time, returning to Lewiston, where they spent the greater part of their married life; later they moved to Ellsworth and there they broke up housekeeping and came to Sates, where they lived for her mother, who had become more or less helpless from paralysis. He was employed here in the Paris Mfg. Co. for a time, but the shoe shop called him, first to Norway and then back to Lewiston, where he was when he was taken sick, a week ago.

Mrs. Benson went to him at the hospital and remained with him the last few days. The remains were brought here and the funeral held Thursday, at 2 p. m., in the Methodist Church, attended by Rev. N. R. Pearson of Norway, assisted by Rev. E. H. Storer. Interment will be in the cemetery at Bryant's Pond in the spring, but placed in the tomb here for the winter. Besides his wife, he is survived by three sisters, Mrs. Gertrude Swift of Lewiston, Mrs. Mabel Mitchell of Sabattus and Mrs. Grace McCallan of South Portland and three brothers, John, who lives in Massachusetts; Walter, in Auburn, and Oscar Benson, in Bethel; also many nephews and nieces. He received his schooling in Mechanic Falls and there, while a young man, united with the Baptist Church. His employment, as has been intimated before, was principally in the shoe manufacturing and acquired the efficiency of the foreman. His stay in West Paris has been brief, but he has nevertheless, a lot of friends, although a much wider circle of friends and acquaintances in Lewiston and Norway, where he has spent the greater portion of his life. Much sympathy is expressed for his widow, who is left so alone, added to the care of her invalid mother.

Word has been received of the death of Rev. D. H. Davis, a prominent Baptist State Missionary and evangelist in St. Barnabas Hospital, Portland, where he went a month or two ago for a critical operation. It was thought at one time that he might rally from it but for the past week or so he has been growing weaker. His last work was at Bryant's Pond with two women evangelists, Mrs. Bickford and Miss Ferguson and he was taken sick while they were at So. Woodstock. He preached here on one of the Sundays while there. He was a much loved preacher throughout the entire state.

A collection of books for both adults and children have been received from the state traveling library. The library hours for distribution have been extended into the evenings of both Wednesdays and Saturdays and a perceptible increase is noticed in the number of young people who come in evenings to read in the library and more books are read by the younger set.

There was not much damage done.

Pay Promptly in 1927

We have just joined the Lewiston-Auburn Credit Association, which includes the Norway-Paris shopping district. The way you pay determines your rating. This association was formed as a medium to insure its members as to the paying habits of thousands of individuals in this vicinity. The system of recording how you pay your bills is fair and just, if you pay as you promise your record will recommend you. If you do not pay as promised, that is also recorded, and in either case you alone are responsible. Safeguard your credit rating for 1927 by paying promptly.
